

MR. BRONCK

RESTOBAR & GRILL

Wine Philosophy – The New World Way.

This is where the journey through Mr. Bronck's world of wine begins – where American energy meets global curiosity.

A living collection of bottles that speak of courage, curiosity, and that unapologetic American confidence. Here, wine isn't about rules, it's about rhythm: the feeling when a wine finds its place at the table, in the moment, with the people around it.

The list draws its soul from the New World, from California's sun-drenched valleys to Oregon's misty hillsides and further into the bold, expressive scenes of Chile, South Africa, and Australia.

This is wine that dares. Wine that takes space. Wine that brings something new to the conversation.

But beneath it all, there's an echo of the Old World, the heritage that still serves as reference, compass, and contrast. Bordeaux, Burgundy, and Piedmont act as mirrors, reminders of where it all began and why it still matters. They offer context, but they do not set the boundaries.

Mr. Bronck is about collisions and connections: between new and old, power and finesse, tradition and experimentation. Every wine is chosen for its personality, not its pedigree. The producers are people who stand for something, who believe in their expression and prefer authenticity over perfection.

This is a wine list for the open-minded, the curious, and the flavor-driven.

For those who like their wines with attitude, but also with soul.

For those who want to travel from Napa to Nuits-Saint-Georges without ever leaving their seat.

This is Mr. Bronck's. New World energy. Old World soul.

– Janni Berndt Dahl
